## I N T H E L A S T T E N Y E A R S

Five years ago there was big change in my life. I moved from my home of 30 years with a **BIG** beautiful yard to a townhouse that has a postage size yard. But it is big enough to accommodate my two small dogs and we have a large deck for summer enjoyment. I actually have more square footage with lots more storage space for "things I might need!" I live in an older community between Englewood and Highlands Ranch in the south metro area. I have **GOOD** neighbors and it is close to my best friends, Dick and Alice and their five children and 11 active and busy grandchildren.

In October 2009, my husband's former sister-in-law came to live with me. The timing was perfect - as two days after her arrival, I fractured my right kneecap and could not drive for almost a year. Gwen and I are about the same age and enjoy each other's company and many of the same things, but still have our own separate lives. We play a lot of cards and watch sports for each season and occasionally get to a baseball game in the summer. Being able to drive again, I get to Steamboat Springs to see Allison Bengé Alfone and her family. Allison is Gary and Kay Bengé's daughter.

I hope this summer I will be able to take some short trips to see extended family and some sites that I have wanted to see. Have enjoyed taking short excursions and doing activities that the Senior Centers close by offer. My Red Hat group finds new places to eat and visit. There is always something to do!

I am looking forward to seeing everyone in June for our 50<sup>th</sup> Reunion as real SENIORS!! If I have left out anything, will tell you when I see you!!
