Retired: **No**
Spouse: **Thomas**
Children: **1 daughter**

Hobbies: **Swim, Walking, Tap Dancing, Caring For Our Dogs and Cats**

IN THE LAST TEN YEARS

I am still working and have about 200 Avon customers that want a real person to take and deliver their orders. Also work part time as a dispenser for an eye doctor, so keep very busy. In the last ten years, I have had four major back surgeries and have enough metal, screws and plates to be a Bionic Woman. My husband, Tom recently retired after 44 years in the

trucking business. We have been helping our daughter, Jamie who is recovering from neck fusion surgery. She was in a freak accident two years ago while working as part of the mounted posse at a parade. Another horse in the parade reared up and died, falling on Jamie. Because she has MS, her rehabilitation has been quite slow. Time really flies! Wish I could see you all.

PS: Tell Linda Stohler Hi! And Wendell Upright, thanks for taking Linda Erickson and me to school during the winter days in your skip loader!
