## IN THE LAST TEN YEARS

In 2000 Jack and I bought a steel building at lake McConaughy to store our camper and jet ski. Then in 2001, we built a 15'X30' addition to the building so we could have a cabin. We spend almost every weekend there. We enjoy the view and it so relaxing. We can see the lake and the Gerald Gentlemen Plant to the east. We don't have the jet ski anymore, but we have a jeep so we can cruise the beach areas. Jack and I sold our business in 2005 to Steve McClenahan. Jack still works as he really enjoys working and pleasing customers.

As for me, I do volunteer work at the Senior Center plus do their books. Can't seem to get away from bookkeeping. I enjoy playing cards and belong to two bridge groups. Also play in a foursome once a week. I do like to gamble too and Jack usually takes me gambling somewhere (Colorado, South Dakota or Iowa) about every three months.
