Retired: **Yes (both)**
Children: **1 daughter, 1 son**
Grandchildren: **4 girls, 1 boy**
 1 great grandson

IN THE LAST TEN YEARS

Larry worked for Region II Human Services as the Regional Administrator until February, 2008. He currently is semi-retired and continues to work for the Region as a consultant.

He enjoys time in his shop doing both metal and woodworking. Another favorite is attending volley ball and basketball games in Omaha watching the Schilling granddaughters, Miranda Sarah and Sydney. Their mother Lori, works for the Omaha Public School District and her husband Kent works for Union Pacific.

The oldest granddaughter, Sami is married to Brian Muggy and they have a one year old son, Austin. They live in the Kansas City area. Scott, the only grandson, works in Grand Island. Their Dad, Jeff, works for the State of Nebraska.

Karolyn, Daiss, Brown is the other part of this story. She worked for Waddell & Reed until June, 2008 as an investment advisor. Since retiring she enjoys working in the other part of Larry's workshop sorting and compiling the many pictures she has taken over the past fifty years. Together Larry and Karolyn work in their yard and on their long, forty year old "to do list".

Traveling is on the agenda and it is quickly surfacing to the top of the list.
